

WHEN I READ

Before I read:

Think: What do I already know?

Predict: What do I think will happen?

As I read:

Ask:
Did I understand what I just read?

Were there any words I didn't understand?

Was anything confusing?

Can I retell in my own words what I just read?

After I read:

Summarize

THINGS I CAN DO TO HELP ME UNDERSTAND WHAT I READ.

1. Sound out an unknown word.
2. Go back and reread the passage.
3. Look up the meaning of an unknown word.
4. Read ahead and see if it makes sense.
5. Ask a question and try to find the answer.
6. Slow down as I read.
7. Do one or more of these things, or something that I've learned to understand what I read.
